Profile

I'm a character animator who has also a wide array of skills in other areas in relation, such as art, illustration and design. I take a great pride in my work, and ensure the quality that I deliver is the best possible. I have a great interest in music and syncing that passion with my animation.

Skills

Good working knowledge of; Maya, 3ds Max, Mudbox, Zbrush, Photoshop, After Effects, Final Cut Pro, Premier, Illustrator, web design, free-hand illustration, Microsoft Office

Activities/Interests

Animation, Music, Film, Photography, Art, Graphic Design, Gaming, Travel, Cycling, Socialising, Playing the guitar

Work Experience

GP Design London (2 weeks)

Working on various projects, with the team in the design studio. This involved creating some basic web content in Photoshop to illustrate the work the company created. It was a great insight into the workplace, and the experience on the whole was a tremendous success in my eyes.

Richer Sounds London (2 weeks)

Working as a runner, in the busy period running up to Christmas. My duties involved interacting with the staff on the shop floor, and collecting stock from the stock room. Such as large televisions, and hi-fi equipment. This also meant that I was liaising with customers and helping take their purchases to their vehicles .
